HEALTH AND SAFETY The product is not classified as hazardous to health or to the environment, however, based on the precautionary principle, all products which contain microorganisms should be considered to have the potential to provoke sensitising reactions in susceptible individuals. Handle all packages and containers carefully to minimise spills. See safety data sheet for full details on handling, storage, transportation and disposal.

STORAGE, DISPOSAL, AND TRANSPORT
Mycortex is a living product. Store in tightly-closed, original container in a dry, cool and well-ventilated place. Keep away from heat, sparks and open flame. Protect from freezing and direct sunlight.

HANDLING Wear eye protection, protective gloves and appropriate clothing to prevent any possibility of skin contact.

DISPOSAL As outlined on Safety Data Sheet.

APPLICATION See technical data sheet for crop specific protocols and dose rates. No known incompatibilities, but Biotechnica cannot predict or guarantee mix success for any product.
